Bible Training Centers Transform Lives

It is always rewarding to hear testimonies of how people have been blessed by your ministry. Here are a few from some graduates of the Joshua Nations Bible School in Gulu, Uganda.

I Did Not Have Many Words

"I did not have many words to speak before, but now I have words to speak concerning the Word of God. I was empowered and am grounded in the Word so I can preach now."

My Life Has Now Changed

"I did not have knowledge of the bible before, but my life has now changed. I found out I have administration and leadership gifts and I can lead people now. And zeal for the lost became very much."

Other students gave these testimonials:

"It's profound and simple for anyone to understand, and practical. I'm excited knowing that God is going to transform many lives."

"The Bible school equipped me so I'm no longer discouraged for lack of knowledge of the Word of God to minister."

"When I was first born again, I didn't know that I should do anymore than to just go to church. But now I know God has a plan for my life and I have been inspired to open a fellowship in my community."

I Didn't Understand the Word of God

"I was a pastor's wife and Christian for 23 years, but I didn't understand the Word of God. I learned and grew more going through the 1st year of the Joshua Nations bible school than I had in all of my 23 years of being born again. It has equipped me to minister the Word of God and I now encourage all pastor's wives to go through the school. "

"Then the disciples went out and preached everywhere, and the Lord worked with them and confirmed his word by the signs that accompanied it."

Mark 16:20

One of my favorite things to do when I travel is to teach on healing along with the kingdom of God and then activate believers in healing ministry. The Holy Spirit is always faithful to confirm the preaching of the Word and to stretch forth His hand to heal. Here are a few of the things He did in Gulu.

Pastor Bosco came to me the day after I taught on healing and told me he had a testimony to share with me before I left. He had asked the Lord if what he had learned on healing was just for himself or for others also. The Lord told him it was also for others. So he went to the public market that afternoon and preached the same message I had just taught. He said he then

prayed for three people and all of them were healed! One person's leg that had been paralyzed was healed, another was healed from a digestive illness and yet another was healed of tooth decay. What a mighty and a loving God we know and serve. Praise the Lord!

A man's deaf ear opened up and was healed.

The host pastor had excruciating back pain and was healed as he felt his spine move and adjust.

A woman had broken her foot as a young girl and it healed wrong. When I gave testimony of a lady whose foot had been healed when I had prayed for her at another conference, this lady said she claimed that for herself. She then felt the bones in her foot move and adjust and was healed.

A pastor began sharing by saying, "I'm so happy, I'm so happy." He had come to the conference with his right foot hurting very badly. He almost didn't come because it hurt so much and he had to travel so far to come. All the pain left his foot when the Lord healed it and he was stomping his foot on the floor laughing.

A man said he saw a picture of himself vomiting while being prayed for. He believed that was the poison causing his sickness being cast out and he was healed of intestinal issues and a stomach ulcer.

A lady had pain all along the left side of her body. She said she felt the fire of God go down all her left side and she was healed.

Pastor Bosco Oringa

-Continued from page 2-

Pastor Bosco just sent me this note of testimony from our time together.

"I still have 5 more testimonies on healing and deliverance according to your teaching and I want to thank God that on that day in Gulu, you were teaching with the power of the almighty God. That is why many things I have been trying to practice all have come true. On the day you were traveling back to USA, I went to Gulu Regional Referral Hospital and prayed for the following people for the following conditions:"

- 1) Auma - stomach ulcer
- 2) Michale - bone cancer
- 3) Margret - HIV/AIDS
- 4) Christine - heart attract
- 5) Beatrice - accident

And amazingly on that very day, all were healed and discharged to go back home and all of them got saved and came to the Lord Jesus!"

God's Faithful Provision

The locals warned me the road to Pader was bad and rough. They were right and call such a ride a "Uganda massage." I went there and trained 25 pastors and leaders to start Joshua Nations bible schools. I am confident we will have graduations to perform there sometime as Pastor Justin has the vision for it. He was called by the Lord to plant a church there about five years ago. For those of you familiar with the atrocities committed by the Joseph Kony rebellion in Central Africa (Google "the invisible children" to learn about it), Pader was the home base for many years of the Joseph Kony rebels in northern Uganda. They terrorized the region for years with senseless murders, abductions and abuse of children forcing them to serve as child soldiers.

So Pastor Justin began evangelizing door to door when he moved there with his family. His church grew to 37 new believers, but they did not have a place to worship. So he called for 7 days of prayer and fasting with the specific purpose for the Lord to provide them a place to build a church. After prayer walking around the town at the end of this time, all members agreed on a particular piece of land to build their church. They

found the owner who was drunk and he told them the property was not for sale. To make a long story short, the owner ended up selling the land to them at a 30% discount and they now have

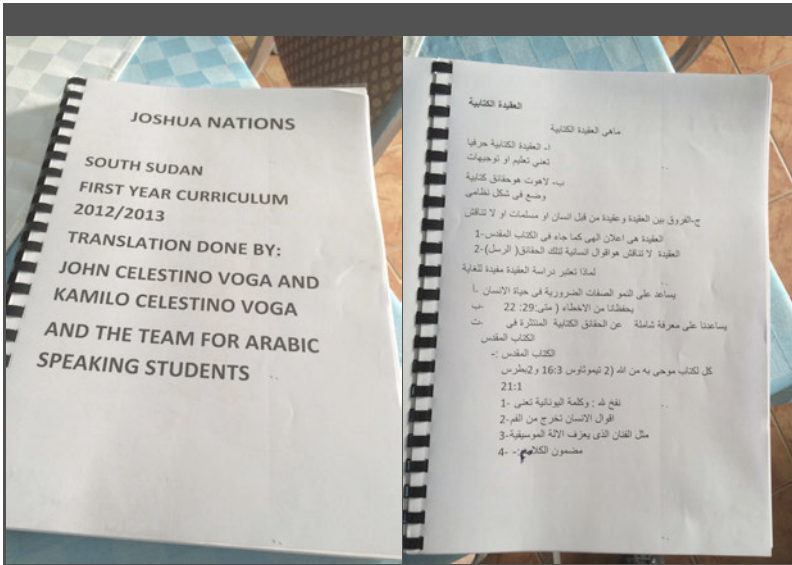

the only brick church building in Pader. And yes, it's totally paid for and they only had 170,000 Uganda shillings (about \$70 USD) when they began praying and fasting. Their vision now is to buy the adjoining land to build a school and an orphanage.

Pastor Justin Otim

Pastor & Leader Training in Pader, Uganda

Last fall I had the privilege of graduating the first class of the Joshua Nations bible school students in Juba, S. Sudan. Our leaders there told me of this amazing story about the man who translated the bible school curriculum to Arabic for the school. His said his life was transformed as he did the translation. But now for the rest of the story - he already had a master's degree in theology and had been an instructor and director of theological schools in Lebanon and Khartoum for over 7 years! He has now planted a church in Juba and is going to be the principal of the Joshua Nations schools in S. Sudan.
